

October 8, 2023

On SATURDAY, October 14 will have a regular meeting of the Vecinos AC Board at 9:00AM. This meeting was scheduled to be a general assembly meeting for the new Association, but we still do not have a RFC (Mexican tax number). At this meeting we will be planning for an election of new officers and Board members. As in the past, we welcome your input. Please come a little early to fill out a comment card. This way we can add your input at a point in the agenda that makes sense. If you can't attend the meeting, you may join the meeting through Zoom. You may also email your input by replying to this email. Please send your email by 5:00PM, October 13. As most of you know, the electrical system is aging and has been problematic in areas and has been a nightmare since the big black out back in August. We will have a plan in place to express our deep concerns to the CFE. Below is a link to an article written two years ago about our electric system; you can see that these problems aren't new, just more often. We are preparing a petition/statement to CFE that we will ask meeting attendees to sign. Please know your CFE account number, Manzana and Lote number for the statement. We want CFE to know the signers are current customers.

I included a link below to information on how to join a Zoom meeting. There is a link to the Zoom meeting as well. There is a link to the financial statements for the 2022-23 fiscal year ending on June 30, 2023. The actual bank statements are included. Our last meeting was in June; I attached minutes from that meeting to refresh your memory on the issues addressed.
